Looking for a glass of fresh juice, rich in vitamins? Good news, Mr Juice is now at Bagatelle! Mauritians are gradually opting for fruit juices because they want to stay healthy and revitalized as it quenches their thirst as well. In three days, no less than 600 glasses of fresh juices are sold.

Mr Juice also found the trick to entice children to consume fruits and vegetables in a different way. 'It is advisable to eat five fruits and vegetables per day. But children do not like to eat. Thus, they should be encouraged to take juice to hydrate and cool themselves', says Mr Juice. The juices of Mr Juice are proposed in a variety of flavours and aromas.
